Changes

Mr. Warren W. Fauth

Mr. Warren Fauth, who became high school principal, September, 1971 was born in York, Pennsylvania, a son of deaf parents. He received his B.A. from Thiel College, Greenville, Pennsylvania in 1947 after having his college work interrupted for three years while he served in the Army Air Force during World War II. In 1948 he received his Master of Arts degree in education from the University of Arizona. He also was selected for membership in Phi Delta Kappa, the national educational fraternity. The following year he received an M.A. in special education from Gallaudet College. As part of the requirement for this degree Mr. Fauth and his wife Bette wrote a thesis entitled "A Study of the Proceedings of the Convention of American Instructors of the Deaf 1850-1950" which has become a standard reference in the education of the deaf and has been reprinted twice in educational publications.

Warren W. Fauth

After teaching two years in the Texas State School for the Deaf in Austin, Texas Mr. Fauth accepted the positions of course director and director of guidance at the Central New York School for the Deaf, Rome, New York. In 1953 when the California School for the Deaf, Riverside opened its middle and upper school Mr. Fauth joined the upper school faculty.

Mr. and Mrs. Fauth were members of the first federally funded workshop sponsored by Captioned Films and held at Ball State University in Muncie, Indiana during the summer of 1963. In 1967 Mr. Fauth became the director of another workshop created to produce and develop educational filmstrips for the deaf.

This workshop was financed through Captioned Films and was held at George Washington University in Washington, D.C.

In 1961 Mr. Fauth became the athletic director and director of activities at CSDR, positions he held until the beginning of the present school year. He was also academic supervising teacher of summer school programs during the years 1966-1970 with the exception of 1967. Mr. Fauth was elected Second Vice President of the American Instructors of the Deaf while attending their convention this past summer in Little Rock, Arkansas.

Mrs. Bette Fauth is also a trained teacher of the deaf and is presently teaching in the aurally handicapped program in San Bernardino County. The Fauths have three daughters. Nadine is presently working on a Ph.D. at U.S.C., and Bonnie and Heather are students at Rubidoux High School.

Some changes will be noted in the high school this year, foremost is the fact that CSDR now has a four year high school program. Class designations this year have both numerals and letters; 1 followed by letters indicates freshmen, 2 designates sophomores, 3 and 4 juniors and seniors. This year there are over 180 students in the high school taught by a staff of 20 teachers. The high school office has been relocated in the room formerly used as the teacher's workroom. Mr. Fauth, Mr. Plummer and a full-time secretary, Mrs. Bea Harvey, are available in the office for counseling, giving information, and helping whenever needed. As the new program develops more changes will be made and new ideas and techniques will be tried out. Students and parents will be kept informed of new plans and projects.

Mr. Don R. Campbell

Mr. Campbell, who became junior high school principal, September, 1971, is a native Californian. He earned his B.A. at Brigham Young University (1961) in the area of of hearing and speech correction, with extensive work in

the areas of psychology and education. He went on to earn his M.S. in the education of the deaf at Gallaudet College, Washington, D.C. (1962). In September 1962, he began teaching in the elementary department at the California School for the Deaf at Riverside, advancing to the position of school psychologist. In 1968, he was selected as a participant in the 1969 Leadership Training Program in the area of the deaf offered through federal grants at the San Fernando State College, Northridge, California, resulting in his receiving a Master's degree in administration.

During the 1969-70 school year, he served as the co-ordinator of services and assistant executive director of the Western Institute for the Deaf in Vancouver, British Columbia. His primary responsibilities included the supervision of all services — psychological evaluations, vocational rehabilitation and placement, personal counseling, interpreting, social welfare, audiological assessments, and educational assessments and consultations. He also supervised the W.I.D. pre-school for deaf and hearing children of deaf parents, and laid the groundwork for a pilot program for the education of multi-handicapped deaf children. In addition to the above mentioned duties, he served as curriculum consultant and psycho-educational consultant to various educational programs throughout the lower mainland of British Columbia.

In July of 1970, Mr. Campbell returned to Southern California to become a curriculum consultant for programs for the deaf in the Los Angeles County school system.

Mr. Campbell is married, has three children, ages 9, 6 and 2, and is residing in the Yucaipa area.

In 1935 she was awarded the degree of Bachelor of Arts by Rutgers University, the same day her husband received the degree of Master of Arts and her son was graduated from that institution.

Mrs. Brill was active in many local civic and social organizations, holding various offices in the Contemporary Club, the General Washington Chapter of the Daughters of the American Revolution, the Lawrenceville Colony of New England Women, and the Universalist-Unitarian Church. She was well known throughout the Trenton and Princeton areas as an expert teacher of contract bridge, conducting both beginning and advanced classes

on the subject until recent years. Mrs. Brill maintained a wide acquaintance in Portland, Maine, spending her summers at the family cottage at Cape Elizabeth.

Mrs. Brill moved to Riverside, California, in 1969, where she remained active in the American Association of University Women. She is survived by her son, Dr. Richard G. Brill of Riverside, a daughter, Mrs. James W. Platt of Alexandria, Virginia, and a sister, Mrs. Bertha M. Foss of Barrington, Rhode Island, and by three grandchildren.

Do You Have a Moment?

School opened this year with several major changes in its organization. First of all we were all saddened by the retirement of our two secondary principals, Miss Thomas from our junior high school and Mr. C. L. Gover from our high school. They were forced to retire because of poor health. Both were leaders in the field of educating deaf children and we hope that when they are able they will continue to contribute their knowledge and experience in this area.

Finding someone to take over the responsibilities of the two secondary departments was difficult and many candidates were considered. We feel that in our selection of Mr. Warren Fauth for the high school we picked the most qualified in both administrative and academic preparation. He has introduced many innovations which have been put into effect.

To provide a broader program in high school it has been increased to a four year schedule. More teachers have been added to the department and the principal now has a vice-principal, Mr. Richard Plummer, to assist him in the routine duties of that office. Mr. Plummer was a member of the high school staff before his appointment as vice-principal.

A major innovation which will greatly affect each student in high school is the plan to set up individual schedules for each student. By doing this each student will have a program to follow which will lead to graduation. If the student fails in a subject he will then be required to

repeat that subject. Promotion will not be automatic. The individual scheduling system will better enable us to give counseling to each student.

Mr. Don Campbell has become our junior high school principal. He comes to us highly qualified with his experience as a classroom teacher, psychologist, and administrator. We are pleased that he is here.

The junior high school has one or two changes to note. The age range is two years younger than last year which would make it 12 to 14. Another innovation is an enrichment program for the younger pupils. Teachers will be responsible for some activity during eighth period each day for six weeks. At this time some non-academic high interest activity is provided such as survival, foods from foreign countries, study of ecology and many other subjects. The second six weeks the pupils will be given electives.

A new position has been created on our campus which we feel will be of great benefit. Mr. Lynn Davidson has been appointed to the position of director of staff development. He will be responsible for providing programs and workshops which are informative and designed to help the staff better understand the problems of deafness. Mr. Davidson will also be responsible for campus activities and the supervision of the physical education department.

Youth Leadership Camp 1971

Susan Lee and I went to the third annual Youth Leadership Camp (Y.L.C.) in Pengilly, Minnesota. It was held from July 20 to August 18.

The Y.L.C. is an educational camp for the Jr. N.A.D. members from different states. This camp is sponsored by the Junior National Association of the Deaf. The owners of the camp are Mr. Frank Turk, a Jr. N.A.D. Director, and Mr. Don Padden; both are deaf. They bought the 32 acre site in February 1970. The camp director is Mr. Gary Olsen and he is deaf, too. The camp is run by deaf people who have the desire to help deaf youth.

The Y.L.C. is held annually at Swan Lake Lodge in Pengilly, Minnesota, and it is growing rapidly every year. The first annual camp was in Pennsylvania in the summer of 1969, and 43 deaf campers attended it. In 1970, the second annual camp was held at Swan Lake Lodge. About 70 campers were there. The third annual Y.L.C. had 91 campers. Today the Y.L.C. is popular for deaf youth and adults, too. Many visitors such as congressmen, mayors, and others drop by.

We learned many things about parliamentary procedure, debating, panel discussions, group dynamics, language arts, social science, canoeing, water skiing, insurance for the deaf, and much more. We had a mock court trial and we published our own daily newspaper, *The Daily Drum*.

One of the interesting parts of our program was the Jr. N.A.D. constitution workshop. We didn't have a constitution or by-laws of our own, and our organization needed them. We wrote, changed, added, and deleted ideas for a constitution and by-laws. In June 1972, a National Jr. N.A.D. convention will be held at N.T.L.D. in Rochester, New York. The delegates will vote on the constitution which will improve our National Jr. N.A.D. and also the chapters, too. Only a few chapters in some state have a constitution and by-laws. I hope that our chapter will have a constitution and by-laws of our own some day in the future.

We had wonderful sightseeing trips, field trips, and good times. One night we went to a bowling alley and had an exciting game with our wonderful new friends. We went to Grand Rapids, Minn., which is about 30 miles from the camp, to tour the Bladin Paper Company, then to Lake Itasca to see the head of the famous Mississippi River. One can even walk across it. It is about six feet wide and a few inches deep. At the Red Lake Indian Reservation, at Lower Red Lake, biggest lake of Minnesota's 10,000 lakes, the Indians invited us to eat with them. They were good fellows.

We went to Hayward, Wisconsin, to see the World Championship Lumberjack contest. It was very interesting and also unbelievable to watch the lumberjacks chop two-foot diameter logs in about 20 seconds and climb up a 200-foot pole in 25 seconds. There was a log rolling contest.

We had a three-day canoe trip to Canada. We used 40 canoes loaded with food, tents, and clothes. The 119 happy people were divided into five groups. Our group picked a campsite about one half mile from the Canadian border. It was really hard living, and I thought of Indians living these hardships. Three days later 119 tired, sunburned people with blistered hands returned to camp.

The Y.L.C. is wonderful for all deaf youth and they can learn a great deal. I know that I am very lucky to have had the chance to go there. I hope that more students from our school and other states may go there some day.

Without the Jr. N.A.D., we are nothing!

An European Trip

Last summer I joined the Herbtours for the deaf. Our group arrived in Paris, France, on August 1. Emily Collin was our interpreter. We stayed in Paris for four days. We visited the Eiffel Tower, Napoleon's Tomb, and the Palace of Versailles.

We drove to Lyon and on the way stopped at Fontainebleau to visit the Palace of Napoleon.

Going to Valence, we made a noon stop at Avignon to see the Palace of the Popes and then drove along the Mediterranean coast to Monte Carlo. That night we watched many fireworks.

Driving along the Italian Riviera we stopped at Rapallo and Florence, Italy. We visited the Treasures of the Renaissance and the Flea Market. I liked the Flea Market.

We were in Rome, Italy for three days. We visited the Vatican and St. Peter's. We rode in carriages from the Spanish Steps to the Colosseum, then to the Trevi Fountain.

On August 13 we arrived in Venice, Italy, by train. I took some pictures. When the train stopped in Venice, we took a taxi boat to our hotel. We toured this romantic city and visited a glass factory.

We went across the Brenner Pass into Austria and stayed in Innsbruck. We went to a club for the deaf, and I met many deaf people.

On our way to Lucerne in Switzerland, we drove across one of Europe's finest ski areas. In Lucerne I saw many watch shops. I enjoyed riding in a rented boat on Lake Lucerne. We went up to Mt. Pilatus by train. We enjoyed visiting the shops there, but the weather was terrible.

Our motorcoach took us into Germany. In Heidelberg we visited a Castle towering above the city and where wines were made. I paid for a glass of wine, and I could keep the glass.

Along the Rhine River to Amsterdam, Holland, we saw many castles, vineyards, and hamlets. We visited a diamond factory and the famous house of Anne Frank. The house still looked good. We left Amsterdam for England.

In London I saw "Big Ben". We visited Buckingham Palace with its guards. We also visited many other historic places.

On August 20 we left London for America. I had much fun traveling in Europe.

The Queen Mary

My family and I went to see the Queen Mary last summer. We thought it was a very interesting tour. The Queen Mary is huge. She is as long as three football

fields laid end to end and she is higher than Niagara Falls.

We walked and walked. We saw the gift shop, the theatre, the swimming pool, a fancy restaurant, a beautiful dining room, bedroom, and maid's room, and many other rooms.

We did not see all of the rooms. We saw the original ship's fire station equipment and where the World War II G.I.'s stayed.

There were many photos of famous passengers and photos of the Queen Mary's captains.

My family and I wished we could sleep in one of the bedrooms on the Queen Mary, but it is only open for tours.

We enjoyed bowling on the Queen Mary.

The tour went three decks below the waterline to nine decks above.

From the beginning to the end we walked about two miles, but we didn't mind. We really enjoyed the tour.

Magic Mountain

My parents, my best friend, and I went to Magic Mountain. Do you know what Magic Mountain is? It is an amusement park and a fun place. My sister got free tickets for my parents. My father paid for my best friend and me.

We went to a small theatre and met a movie star. Then we rode many interesting rides. We laughed and laughed because the rides were such fun. The park was very crowded. It was an enjoyable night.

Carolyn Pelletier

The Statue of Liberty

My family and I went to New York City. We visited some interesting places. We went to see the Statue of Liberty. It was a gift from the people of France to the people of the United States in 1876. The statue is 151 feet tall and weighs 255 tons. From the pedestal to the tip of the torch, it is 305 feet. A crown rests on her head.

We went to the top of the Statue of Liberty in an elevator. We walked up narrow stairs and went inside the crown. We looked out at the city of New York. It was really interesting.

A Spanish Fiesta

Annually, in August, there is a fiesta in Santa Barbara. It usually comes on Wednesday. We honor the Spaniards who settled Santa Barbara in 1782. It lasts five days.

One Wednesday morning my family and I went to the fiesta breakfast in costume. I did not enter the contest. I saw Gloria Estrada and her family. My sister, Katie, entered a contest and won third prize for the best costume. A band played some music. My youngest sister danced.

On Thursday there was a new route for El Desfile Historico. The parade lasted two hours and include floats, bands, old-fashioned cars, horses and buggies, and people riding horses. There was a sweepstakes contest for the three best floats.

On Friday we went to Noches De Ronda with my hearing friends. I saw Gloria Estrada again. When the Noches De Ronda was over, we went to El Mercado. I saw Irma Gonzales. Then we went to Senora Castro's Party

On Saturday morning we went to El Desfile De Los Ninos. It included children and small floats and lasted about one hour. We went to La Case Plaza where the Mexican-American organization center is located.

On Sunday we went to the Arts and Crafts Show. Crafts shown were made from leather, wood, and other materials. I hope everyone can attend a fiesta some time.

The Smithsonian Institute

My family and I took a trip to Washington, D.C. We went sight-seeing and saw many exciting things that I'd read about. However, I think I enjoyed the Smithsonian Institute the most of all.

I saw the Hope Diamond. It weighs 44½ carats. It is not the largest in the world. The diamond was brought to France from India in 1668, stolen in 1792, and cut to present size in 1830. It is a gift to the Smithsonian Institute from Harry Winston. Four people have owned it and all have died in a tragic way.

We saw a moon rock. It was collected by astronauts Armstrong and Aldrin dur-

ing the first walk on the moon, July 20, 1969. It is about the size of a fist and weighs about a pound.

I saw the Wright Brothers' airplane, and the Spirit of St. Louis. They are old-fashioned planes.

Washington, D.C. is an exciting place.

A Surprise Birthday Party

On August 30 I had a surprise birthday party for Rosie Attwell. I made some plans. Some girls who are CSDR students were invited to the party.

Before Rosie, her family, and Karen McCalister arrived at my house, I told all the girls to go to my parents' bedroom and close the door. When Rosie, her family, and Karen were in our living room I asked Rosie if she wanted to see the new mirror in our bathroom and she did. So I showed her the new mirror. I told her that the old mirror from our bathroom was moved to my parents' bedroom. She wanted to see it. I followed Rosie to my parents' bedroom. She opened the door slightly and saw Pam Ridenour and Beth Gilham. She was surprised and closed the door! She looked back at me. We laughed. Again she opened the door, saw many gifts on the bed, and looked at all the girls.

Later, we played a game. After our refreshments were finished, Rosie opened many gifts. We had fun. That was the first party I planned and it was good experience.

Irene Dye

Universal Studios

During the summer my family and I went to Universal Studios. We went on a tour bus. It was our first visit there. Boy, it was very interesting. They explained how they do all the tricks in the movies and TV show. They also explained how long it takes to make movies. They said that it takes about three days to make each half hour show. They also said that the movie called "Andromeda Strain" took ten years to make. It is only about three hours in length. They showed us all the different stunts. They also showed us how they use make-up to make bruises, cuts, and scars. I think everyone should go there sometime.

TITLE: Hotel

AUTHOR: Arthur Haley

This novel tells about the happenings one week at the St. Gregory Hotel in New Orleans. The story is fictitious, but the book also gives information about the operation of a hotel. For example, it tells how the kitchen, boiler room, and laundry room are run.

Monday Evening

There was a man named Albert Wells who was staying on an upper floor of the hotel. He was having difficulty breathing and some people came to his room and saved his life. Peter McDermott, the young general manager of the hotel, drove home that night after work with his girl friend, Christine, who also worked there. They saw an accident; a mother and child had been killed by a hit and run driver. The police did not yet know who had done it.

Tuesday

Curtis O'Keefe and his girl friend, Dodo, arrived at the hotel. O'Keefe planned to buy it for his hotel chain from its owner, Warren Trent. But Warren did not want to sell it to him. The deadline for buying the hotel was Friday. The chief house officer, Ogilvie, discovered that the Duke and Duchess of Croydon, who were staying at the hotel, were guilty of the hit and run Monday night.

Wednesday

Keycase, a thief who stayed at the hotel, got keys to several of the rooms. At dawn, he entered some rooms and stole many things. The Duke and Duchess gave Ogilvie ten thousand dollars to drive their Jaguar to Chicago before the police could discover the damage to their car from the hit and run. If Ogilvie was successful, the Duke and Duchess would give him another fifteen thousand dollars in Chicago.

Thursday

Keycase learned that the Duke and Duchess slept in the hotel, so he stole their key and went into their room. He stole an attache case with the fifteen thousand dollars for Ogilvie. Ogilvie left New Orleans for Chicago at midnight.

Friday

Albert Wells, who was sick at the hotel, bought it from Warren Trent. O'Keefe was very disappointed. Ogilvie was arrested in Tennessee. There was a tragedy at the hotel on this day. O'Keefe's girl friend, Dodo; the Duke, Keycase, and some other people were in an elevator. Keycase was scared because he was standing next to the Duke holding the case with the Duke's fifteen thousand dollars in it. When the elevator started to descend to the lobby, the mechanism broke and the elevator fell out of control. Three different emergency systems to prevent accidents failed. The Duke and some of the others were killed. Dodo and Keycase were saved. Keycase escaped to Detroit with the fifteen thousand dollars.

This book is one of the best books I have ever read. The author of **Hotel** also wrote the book called **Airport**.

TITLE: Lone Star Tomboy

AUTHOR: Allyn Allen

This is a story about a young girl named Francie Lou Babcock. She lived with her parents and two brothers, Art and Grayson. Since there were no girls who lived near her ranch home, Francie Lou did not know much about how girls should act and what kind of manners girls have. Everybody called her a tomboy because she always did the same things her brothers did. Francie Lou's mother decided to send her away with Miss Abbot to the town of Spielberg to learn how young ladies act, but an unexpected horse and buggy race spoiled the idea. Later she went to stay with her aunt, uncle and cousin Russell in San Antonio until Christmas time. Francie Lou missed her family very much. She also missed Nita, the new mustang, but she learned manners. When she returned home for Christmas she was still a little tomboyish, but she was much more a lady than before.

This was a very interesting book. I enjoyed it.

Look Who's Cooking

This year the vocational department has introduced two new classes. General shop for high school girls and homemaking for the boys. The boys have found that homemaking is not just cooking. They are studying consumer buying, budgeting, appliance care, sewing and cooking. Friday

has been set aside for sewing. They will learn to oil and care for a sewing machine to prevent future repair bills. Their first sewing project will be a chef's apron. They will have the opportunity to repair rips in their shirts and other mending to keep their clothes looking sharp. We hope to have time to make a tie and a T-shirt before the semester is over.

On Thursdays they stay in class for two periods so that they have time to cook, eat and wash the dishes. October and November will be used for studying and preparing different breakfast foods and cookies for a surprise "Trick or Treat" for all the high school students.

In the next issue we will see what the girls are doing in their shop.

Recipe of the Month

Each spring the advanced homemaking classes have an Hawaiian dinner party. This year we are going to feature recipes that are used at these parties. If you save them you can have your own Hawaiian luau at home.

MACADAMIA CHEESE BISCUITS

Troop 218

Troop 218 is off to an exciting start. Many of the boys have purchased their uniforms and are already studying their boy scout books. Almost all the boys have mastered the boy scouts oath or promise. Alan Donaldson received an award for being the first to learn it perfectly. Plans are already brewing for Troop 218's first cookout. The boys voted to invite the Girl Scouts of Troop 337.

The senior patrol leader and his assistant were selected at the first meeting. They are: Orlando Lugo, senior patrol leader, and Steven Kugler, assistant.

Girl Scout Troop 337

We are happy to welcome these girls into Girl Scout Troop 337: Christina Caloroso, Nidia Carrillo, Carol Cole, Linda Giard, Laurie Griggs, Linda Lepisto, Valentine Longoria, Rosalind Jenkins, Tari Manker, Bernadette Phillips, Vicki Reinert, Debbie Short, Carolyn Swink, and

Cynthia Whitlock. This will be the second year of Scouting for JoEllen Ridley and for Renee Huntley. We are pleased that a new student, Christina Caloroso, has joined our troop. The most experienced Girl Scout is Debbie Short, who has spent many summers at Girl Scout camps.

We all participated in a beautiful investiture ceremony. Part of this was a candle lighting ceremony. Each girl wore her uniform for the first time. At this time, Cynthia Whitlock, Linda Lepisto, Debbie Short, Christina Caloroso, and Tari Manker were awarded their Girl Scout pins. Everyone received a World Association Pin, a membership star, and a membership card. Other highlights were a friendship circle and a troop birthday cake and punch.

Everyone went on an overnight camping trip with hearing Girl Scout Troop 50. We did many things together, such as: going on a hike using trail signs, learning knots, and practicing first aid; learning to use a compass and a knife; doing skits, singing, and making wishes around a campfire.

Each girl helped to build a fire and to cook a foil pack dinner and a dough-boy breakfast. Some girls made banana boats and we all were invited for ice cream made by Troop 50. Now the girls are really looking forward to their next experience at camp.

Varsity Football

With school starting in the middle of September, Coach Pete Lanzi had the varsity football team report one week early on September 7, so they would be ready for the season opener on September 24 against Twin Pines. The Cubs came through and overpowered the Cougars from Twin Pines with a final score of 34-8. In the first quarter Mike Farnady carried the ball one yard for our first touchdown. Later in the first quarter David Sanderson caught a 38 yard pass from Mike Farnady to score another six points. In the second quarter Tom Bledsoe ran the ball from the 14 yard line to score. Before the gun sounded for the half Keith Brown carried the ball one yard to score and Tom Bledsoe ran the ball for two points after the touch down.

Keith Brown ran the ball two yards for six and then he picked up two more points after the touchdown, giving us a total of eight points in the fourth quarter.

The starting line for the first game consisted of: left end, Mark Peterson; left tackle, Mike Bixler; left guard, Steven Summers; center, Mike Adams; right guard, Ron Lurwick; right tackle, Tony Ortiz; right end, Steven Bean; left half, Keith Brown; right half, David Sanderson; fullback, Tom Bledsoe; and quarterback, Mike Farnady.

Other players on the varsity team are as follows: James Baer, Francisco Pena, Artie Eyrich, Marlon Branton, Dan Clonts, John Foronda, Ken Sorkin, Sherif Fathy, Don Caldwell, Everette Harvey, and Dale Coons.

The final game of the season will be our annual Homecoming game which will be against San Dimas High School on Saturday, November 20. Homecoming activities are sponsored by the Student Body Government and all gate receipts and sales of refreshment will go into their treasury to be used for their functions throughout the school year.

Freshman/Sophomore Football

The Freshman/Sophomore football team has been working hard preparing for their first game against La Sierra High School on October 7. We have only 19 members

on the team but most of the players have learned some basic fundamentals of blocking, tackling, memorizing plays, catching forward passes, kicking, punting and running. For many players this is their first time to play competitive football and they are most anxious to get a taste of real "he-man" competition. The success of having a good season depends on the boys' attitude toward sports, their competitive spirit, their determination and desire to give their best and their display of good sportsmanship on and off the field.

The players are: Charles Bill, Ronald Blaney, Ricardo Gastelum, Jeff Gibbons, Thomas Gilmore, David Gomez, Sam Holcomb, Carl Haguewood, Duane Jackson, Marty Miller, Russel Mohr, Roy Pinuelas, Darryl Quan, James Stinson, Robert Saylor, Gary Trent, Danny Tsujimoto, Farley Warshaw, Kevin Watkins and Wally Witczak.

Residence Hall News

Pachappa I

Pachappa I welcomes Steven Ake of Camarillo, Brian Geter of San Diego, John Noble of San Bernardino, Gary Stephenson of Lakewood, Scott Tiemstra of Chino, and David Gunsauls of El Cajon. All of these boys are new to CSDR.

As the start of Pachappa I's football season approaches Paul Maucere, Terence Hall, Arthur Garcia, and Warren Ross hope to be top participants in their league. The best team, the most outstanding player, and the best sportsman will receive trophies at the end of the season.

Congratulations are in order for Lawrence Garcia, Chris Wedekind, John Noble, David Sisco, Peter Patton, and Mitchell Roberts. These boys celebrated birthdays recently.

Pachappa II

Pachappa II welcomes many new boys. They are Eric Dalfrey, Robert Fletcher, John Harter, Terry Lamp, Daniel Landrum, Kevin Link, James Melchtry, Louis Parker, Michael Petek, Kenneth Robertson, Louis Snodgrass, John Taggart, Joseph Teets, Michael Todd, Martin Trainer, Mathew Weaver, Alex Zamorez, David Garrad, Alfred Gregory, and Ramon Cotton.

A farm is a fine place to visit. You can ask Matthew Weaver, who visited his grandfather's farm. He even got to ride a real tractor!

Jeffrey Howard visited his grandmother and attended his aunt's wedding. He also got to ride Domino, his aunt's horse.

Flying across our country in his family's plane is Newton Gray's idea of fun. Lately he has flown to see cousins in Brookfield, Wisconsin, and his aunt in Florida.

Paul MacMonagle loves to swim. He also finds time to try his hand at another favorite activity — fishing. As usual, most of the big ones get away!

John Taggart enjoyed riding burros at Knott's Berry Farm. He also found time to write his grandmother his very first letter!

Six boys from Pachappa II recently celebrated their birthdays. Jeffrey Howard became nine years old, Timothy Price

celebrated his eighth birthday, and Javier Lopez, John Taggart and Daniel Landrum are now seven years old. Tim Nelson celebrated his sixth birthday.

Magic Mountain, the new fairyland of fun, is where Timothy Price went for his birthday. He loved every minute of it!

Pachappa III

Pachappa III counselors enthusiastically welcomed 38 girls, including day students, back to school. For 12 of the girls, this was their first introduction to CSDR. They are: April and Julie Agnew, Pamela Cervantes, Lynn Dunn, Elizabeth Jurado, Rhonda Rife, Sherry Roberts, Karen Shely, Corina Smith, Patricia Shouse, Anna Thompson and Sherry Thompson.

Many girls had memorable vacations. Debra Martinez and her family camped-out in Yosemite National Park. Tina Priest visited Magic Mountain.

Teri Chance, Francisca Dominguez, Erlinda Gomez, Nancy Herrera, Brenda Murray, Kim Reed and Sherry Roberts recently celebrated their birthdays.

We all enjoyed a field trip to a pet shop. While we were there, we played with baby animals and fed them. We learned the names of the animals. Our special favorite was the baby elephant.

Rubidoux I

Rubidoux I is buzzing along like a busy beehive. The Boy Scout program is in progress and the boys are excited about forthcoming events. The boys have formed teams for flag football. The sturdy captains are Ricky Lopez, captain of the mighty Vikings, Charles Katz of the spirited Colts, Steven Kugler of the fearless Packers, and Orlando Lugo of the powerful Rams. The boys have started to make things in the hobby room. Their first project is sand casting. It's fun and creative.

Rubidoux II

Rubidoux II was happy to welcome Carla Fobke, Jeanne West, Teresa Ybarra, and Kirstin Zimmer as new residential students. Deborah Duff is our only new day student.

Lurene Flores and her family had an enjoyable time at the fair. They especially liked the clowns and friendly animals.

Cynthia Sadoski and her mother went to Tijuana, Mexico recently. They shopped for attractive leather goods.

Dixie Hull went shopping with her mother. Dixie brought some candy to share with all her friends in Rubidoux II.

Leslie Fletcher, Cindy Hunter, and Norma Rosas celebrated their birthdays recently. Carolyn Dubler helped her two-year old sister celebrate her birthday with lots of cake and ice cream!

Our girls are trying extra hard to keep their rooms neat and clean this year. Dorcas Spears, Lorraine Gonzales, and Norma Rosas have earned the most gold stars so far, and they were treated to a special party because they did so well.

Rubidoux III

This year Rubidoux III has two girls new to CSDR. They are Theresa Garrad and Christina Caloroso. We are very happy to welcome them to our dormitory.

Many of our girls have been travelers visiting relatives in other states. Carol Cole flew on a 747 jet liner to Florida to visit her grandparents. Bernadette Phillips visited her grandmother in Texas, and she went camping, crabbing and fishing. Wilma Barajas went to Mexico to visit relatives and Jo Ellen Ridley went to Utah. They both enjoyed going shopping for interesting things.

Kathy Sugiyama, Lori Fisher, Norma Lonesky and Linda Lepisto enjoy the hobby of making pretty, beaded jewelry such as chokers, rings, and necklaces. Lori Fisher earned money selling some beaded chokers that she had made.

We want to say happy birthday to girls who recently had birthdays. They are Nidia Carrillo, Laurile Griggs, Ann Kassel, Norma Lonesky, Jo Ellen Ridley and Nanette Schelly.

Lassen I

Lassen I joined other junior high school students at a picnic and swim party recently. The new students were introduced and given a warm welcome. Lassen I was pleased to introduce Clay Temple. He is new to California and attended the Indiana School for the Deaf.

Several of the boys went on trips during the summer and were anxious to share their adventures. John Miranda went to San Francisco and Santa Cruz. The high point of his trip was a roller coaster ride at .50 miles per hour.

Mark Aguirre traveled to Arizona and Utah. He enjoyed seeing the Grand Canyon and visiting unusual places such as Show Low. In Utah he saw the Great Salt Lake and the Mormon Temple. He thought the most interesting part of his trip was visiting the Indian reservations.

The Lassen I intramural sports program is in full swing with Kevin Struxness as the captain of the Raiders and John Miranda as the captain of the Cowboys.

A birthday party was held in October for Donald Dube, Ronald Eddie, and Michael Reed. All of the boys enjoyed the cake, punch and fun.

Lassen II

Lassen II welcomes three new boys to CSDR. They are Michael Lutz, Howard Varner, and Mark Skinner. We are glad to have them in Lassen II.

The boys have begun a new year of intramural sports. Football season is off to a kick with Pepe Hernandez as captain of the Raiders and Danny Everage as captain of the Rams.

Each month the boys have a birthday party with their names printed on a large cake. Those who celebrated birthdays recently are: Jeffrey Ahr, Henry Calhoun, Anthony Carbone, Charles Erickson, John Lee, David Reese, and Daniel Stanton.

Shasta I

Mary Ann Epstein enjoyed an extended trip last summer with her family. The Epsteins visited many points of interest on their way to and from the east coast. They spent time at the Carlsbad Caverns, Yellowstone National Park, Niagara Falls, John F. Kennedy space center and the National Gallery of Art in Washington, D.C. They spent most of their time, though, with relatives in South Dakota.

Sharon Roller and her family flew to Mexico City for a week's vacation. While there, they went to the bullfights, the famous Ballet Folklorico, and the Thieves Market. In University City they went to fiestas, fashion shows and sidewalk restaurants. They also took side trips to Cuernavaca, Taxco and Acapulco. They saw the Aztec Flyers, and rode on a glass bottom boat. This was Sharon's first flight, and she would like to repeat the same trip soon.

Laura Escobar also went to Mexico City. A group of friends drove campers to Acapulco where Laura's grandparents live. Then an uncle took them on a tour of Mexico City. They were gone two and a half weeks.

Some of the girls in Shasta I had summer jobs. Susan Crouch was one of them. She worked part time at Jack in the Box in San Diego. She earned \$220.00. Loddie Gonzales had a job doing power sewing. Becky Wingfield and Debby Butterfield earned money babysitting. Susan Mummert earned a good sum doing housework.

Shasta II

Shasta II welcomes four new girls this year, Darla Smith from North Hollywood, Carolyn Foster from Los Angeles, Kathleen West from Oxnard, and Katherine Gaines from Malibu.

We hope the girls will enjoy our school as much as we do.

Many girls went on trips this summer and had lots of fun with their families. Karen McCalister went to Sacramento. While there she saw a friend win a kayak race. Linda Tucker went to Washington, D.C., where she visited many interesting places. Carol Corliss had fun in Reno, Nevada and went camping at Lake Tahoe. Becky Montejo flew to Tucson, Arizona to see relatives and then on to Mexico for two weeks. While there she visited five other cities and reported that she really had fun. Kathy Shaw had fun with her family in Santa Barbara. It seems everyone had fun.

Maria Carrillo had foot surgery and is doing fine.

Leticia Nunez visited local sights such as Movieland Wax Museum and the Palace of Living Arts. Irene Dye visited the San Diego Zoo, Japanese Deer Park, Belmont Park and Disneyland.

Kathy Gaines worked both as an assistant to the librarian at California School for the Deaf in Berkeley and as a volunteer at the University of California before moving to Los Angeles.

Shasta III

We all welcome the new girls in Shasta III. Their names are Cheryl Larson, Judy Marlin, Carolyn Pelletier and Cindy Alvarado. We hope you all have a good time and are happy with us this year.

The girls in Shasta III elected their Student Council. The names of the winners are: president, Leslie Greer; vice-president, Cherry Canady; secretary, Janette Epstein and treasurer, Elizabeth Gilham. We wish you girls the best of luck in your new jobs.

Twelve girls from Shasta III will help the children in the Multi-Handicapped Unit when they have a fire. Every Tuesday Robin Leisinger and Katie McHugh will tell stories to the little girls and boys before their bedtime.

Every Wednesday we will have an arts and crafts class after school. We will make sand candles and have many ideas for making pretty things during the year.

Shasta IV

Shasta IV welcomes two new students this year. Balbina Vega is from Santa Maria and Deborah Higgins is from Compton.

Many Shasta IV girls took interesting trips during summer vacation. Paulette Sottak traveled to northern California to visit relatives. While there they visited Chinatown and the Believe It Or Not museum in San Francisco. Bettie Cullen and family visited Yosemite National Park. Debbie Higgins visited her grandmother in Iowa and Debra Manker went to Las Vegas to visit her new cousin, Bingo.

Palomar I

Happy birthday to Bob Carbine, Walter Gavin, Steven Hetman, Tony Ortiz, and Robert Green.

All the boys are back from their vacations with new enthusiasm to win for CSDR. Daily practice is really putting them in shape and will take up most of their week-ends from now until Homecoming.

That tall good looking counselor's aide you have been seeing in the dining room and the Lassen area is our own Gerry Winebrinner. Congratulations for a good job, Gerry. Bruce Fry has been busy building a new dune buggy to replace the one he sold. We understand he does a lot of driving in the Pismo Beach area, and is an excellent driver and mechanic.

James Baer's family moved to San Francisco recently. James has a sister and a brother who attend the Berkeley School

for the Deaf but happily for us, James has chosen to stay here with us and graduate with his class.

Palomar II

The students and staff of Palomar II welcomed five new students to their dormitory this fall. The new boys are Brian Birkeland, Raymond Esquivel, Kenneth Roberts, Lance Shinagawa, and Pat Young.

Brian Birkeland is from San Diego, and was born in Oakland. Raymond is from Los Angeles and tells us that he enjoys CSDR because he has already made many good friends. Ken Roberts and Lance Shinagawa are both from Gardena. Lance enjoys playing basketball. Pat Young is our newest student and he commutes daily from Rialto. He attended a day school in Philadelphia before moving to California. Welcome to CSDR, boys! We hope you will enjoy our school and make many good friends.

James Miller and his mother and sister flew to Florida this summer to watch his sister participate in a shooting tournament that she had entered.

Several of our boys went to Cimarron, New Mexico this summer for a two week course at Camp Philmont, the largest Scout camp in America. Mike Farnady, Sam Holcomb, Kevin Watkins, Jeff Gibbons, Duane Jackson and John Marchese learned many camping skills and hiked at least 100 miles during their two week stay.

Palomar III

Palomar III takes pleasure in welcoming four new boys to CSDR this year: David Lowry, Orange; Danny Tsujimoto, Los Angeles; David Verdugo, Alhambra; Donald Ybarra, Santa Barbara.

Matthew Brandfield attended a special program for the deaf at L.A. State College this summer.

Rafael Barajas worked for his parents helping around the house and he also did a lot of swimming with his friends.

Ronald Taylor spent most of his time at the beach fishing with his father.

All the boys in Palomar III are looking forward to an active and exciting school year.

New Parent Organization —

(Continued from Page 3)

Little Rock, Arkansas which was well attended by parents coming from all over the nation. There were no national officers

or clearly defined goals until the Little Rock meeting but now the organization is fully launched and anxious to be of service.

The CAID Parent Section intends to serve as a clearing house for information, on an individual basis, responding from the home office, or by appropriate referrals. This parent group looks forward to the emergence of strong representation in Washington, possibly a magazine for parents of deaf children, and the distribution of pertinent film. They expect to make The Endeavor the most informative publication ever offered parents of deaf children.

The CAID Parent Section was established by parents for parents and not only is it dedicated to becoming one of the most effective forces in the field to offer parents information but also to bring needed improvement to education and to upgrade the image of deaf people everywhere. To back up their determination to upgrade the image of deaf people they have already taken one step in this direction. At the Little Rock meeting, Mr. Lawrence Newman, a deaf parent of a deaf girl was voted into the office of president-elect.
